# EMAR STAKING

Emar works on the Tron platform, which is one of the largest blockchain platform. In addition to being the largest crypto exchange by trading volume, Emar offers exemplary staking services. Staking ensures users' funds are safe by leveraging effective security measures and providing Secure Asset Fund for Users (SAFU). Our staking method at the time of writing is arguably one of the safest and eco-friendliest methods (for cryptocurrency) to earn passive income. The platform stores all staked coins using the Emar wallet and a double-checking system.

Emar staking is quickly becoming a practice of gaining passive income by merely storing or locking funds in a wallet as more individuals, including institutional investors

understand the crypto market's lucrativeness. Since staking cryptocurrencies necessitates certain technological crypto know-how and compliance criteria, Emar staking platforms are useful for allowing investors, including those lacking technical knowledge of cryptocurrencies, to stake coins and receive rewards. The staking network lends you their professional skills and authenticates stakes on your behalf for a small percentage of your staking prizes, allowing you to receive submissive profits. Staking platforms that enable investors to collect staking incentives have sprung up in response to the rapid growth in crypto staking. If you're interested in earning a passive income by staking and love supporting charities, this is the place to be.

# STAKING

# Benefits of staking

Staking is advantageous in cryptocurrency as it generates rewards by holding the coin on any exchange and generates passive income. When an investor holds a coin and staking the pool, it is the easiest method to do, in a decentralized world. There is very sufficient energy consumption and stumpy probabilities of risks while staking than any crypto mining. Emar is here for you.

There are a few quantifiable benefits of Staking coin with Emar Blockchain ecosystem:

## NO HARDWARE IS REQUIRED

Unlike proof of work, there is no need of a specific equipment or hardware for crypto staking. Proof of stake works with no equipment requirements. The only requirement is to hold the coin for an interval of time by the holders on any exchange

## PASSIVE INCOME

Stake holders earn incentives by holding and controlling their digital wealth. Passive income for the beneficiary is the reward of staking.

## SCALABILITY

In the Blockchain world, scalability is a concept that is often used. It refers to a computational process's potential to be used or generated in a variability of ways. Proof of stake protocols, as shown by Emar exchange higher transaction outputs and lower fees, make for greater scalability.

## ECO-FRIENDLIER

One of the major benefits for staking coins is that it removes the need for continuously purchasing expensive hardware and consuming energy.

## MORE COST-EFFECTIVE

Proof of stake blockchains are always inexpensive and less energy-consuming platforms with no particular and expensive hardware requirements. Unlike proof of work chains, PoS is more cost-effective and eco-friendly. So, the stakers can earn more passive income by using Emar exchange.

## HIGHLY SECURED WITH THE HELP OF ANIME CONTRACT

The biggest issue in the modern world is security and privacy, and Emar exchange provides a swift and stable portal that is backed by the Emar ecosystem making him superior to others. Emar is offering a highly secure and fast platform to the users for staking crypto.

# EMAR EXCHANGE

Emar is an Easy, fast, and secure exchange creating a completely new ecosystem, built to facilitate a crypto derivative market where traders have access to a variety of trading and investment instruments, enabling a highly liberating, strategic, low-risk, and seamless trading experience in a truly decentralized way. it is going to launch its own decentralized exchange. Emar exchange is non-custodial, meaning a user remains in control of their private keys when transacting on a DEX platform.

## Advantages

### 1-Basic KYC/AML

KYC/AML (Know Your Customer and Anti-Money Laundering) compliance is the norm for OUR exchanges. For regulatory reasons, individuals must often submit identity documentation and proof of address. Our DEX demand a few of document for verification purpose to increase the user and authority complainece.

### 2-Lower Fees:

Emar functions through the use of self-executing smart contracts. So our DEX charges a minimal fee.

# EMAR ATM MACHINES

Similar to traditional ATMs, an Emar ATM is a portal through which users are able to engage in a financial transaction. The difference here is that traditional ATMs allow users to withdraw fiat money whereas Emar ATMs allow users to sell cryptocurrency and withdraw cash. While Emar ATMs allow users to sell cryptocurrency to withdraw cash and sell any coin for cash, safely and securely.

Emar's ATMs are tied together via software to make the selling of cryptocurrency quick, easy, and secure.

## How Does Emar ATMs Work?

Selling Cryptocurrencies using an Emar ATM can be broken down into three simple steps:

### **Step 1: Verify your identity:**

When a user first comes up to a machine, he or she must verify their identity. This can be done in a variety of different ways depending on the country. Once confirmed, users can proceed with the transaction.

### **Step 2: Send currency to Sell:**

Once verified, choose the crypto currency and quantity to sell. Send your crypto to address displayed in the ATM.

### **STEP 3: CASH WITHDRAWAL**

Once the crypto transaction is confirmed, you will get a code in your mobile. ATM will dispense cash when you enter the code.

# WHY EMAR?

## Transparency & immutability

With the Emar, each time exchange of coins is recorded on the Tron blockchain, an audit trail is present to trace where they came coins from. This can not only help improve security and prevent fraud in exchange-related businesses, but it can also help verify the authenticity of the traded assets.

## Lower Fees

The fees associated with Emar transactions are far less than those associated with debit, credit cards as well as wire transfers, and BACS payments.

## Transaction traceability

Emar is far more secure than other record-keeping systems because each new transaction is encrypted and linked to the previous transaction.

Emar is formed by a complicated string of mathematical numbers and is impossible to be altered. This immutable and incorruptible nature of Emar makes it safe from falsified information and hacks once formed.

## Ease to use

Ease of use is the reason why Emar has value. All you need is a smart device, an internet connection and instantly you become your own payments and money transfers.
